**UGLY STORY OF IMPROPER
INSPECTION OF BOILERS**

**LAUNCHES HURRYING ABOUT
PICKING UP BLACKENED RE-
MAINS---HORROR APALLING**

(Scripps-McRae Dispatch.)

SAN DIEGO, July 22.—The horror of the Bennington disaster was not lifted when day broke this morning. With the first streaks of dawn hundreds of people thronged about the morgue and water front where the scarred and blackened hull of the ill-fated vessel lies. All night physicians and nurses were busy ministering to wounded sailors, the injuries of a number of whom were too serious to permit any hope of recovery. Launches went out early in the hope of picking up the bodies of victims who were hurled into the waters of the bay.

Several corpses are still in the wreckage and a large force is at work cutting away the debris. It is thought the navy department will order the destruction of what remains of the vessel as there is nothing upon which they can rebuild it.

Dead Now Number 55.

The list of dead is now fifty-five with the same number of injured in hospitals and private homes. This includes seven dead, whose names are unknown and whose bodies are still entangled in the torn machinery of the boiler room. It is feared many of the missing who now number twenty-one, jumped into the bay and drowned.

The cause of the accident, it is ascertained this morning, was the weakening of the crown sheet of a part of the forward boiler, which drove that boiler back, striking another boiler and breaking the steam pipe.

Identified Dead.

The following dead were identified today:
PRESTON CARPENTER.
CHARLES McKEON.
E. W. BRUNSON.
J. HUNT.
E. B. ROBINSON.
J. C. BARCHUS.
W. C. WILSON.

HANKERSON, OF LA CROSSE WINS CONSOLATION CUP

**S. D. Wyatt, Oshkosh, Forfeited the
Match of Yesterday Afternoon
Owing to Business Call**

Fred H. Hankerson of this city is winner of the consolation cup in the state golf tourney.

Yesterday afternoon S. D. Wyatt of Fond du Lac, playing under the colors of the Algoma Country club of Oshkosh, received an urgent business telegram demanding his presence out of the city, and forfeited the cup to Mr. Hankerson, with whom he was to have played off this morning.

In the consolation semi-finals yesterday afternoon Hankerson defeated D. S. Clark of Eau Claire 1 up in 19 holes. Wyatt of Oshkosh defeated L. W. Nieman, Milwaukee, 4 up and 3 to play.

This left the consolation finals between Hankerson and Wyatt and through the necessity of his sudden departure from the city immediately after the conclusion of the semi-finals yesterday afternoon Mr. Wyatt for-

Bodies Pinned Under Boiler.

WASHINGTON, July 22.—The navy department received a dispatch from Commander Young of the Bennington at San Diego stating that arrangements are being made to bury the dead at Fort Rosekrans Sunday afternoon at 2 o'clock.

Several bodies are pinned under the boiler and covered by water. A fire engine has been engaged to pump out the water and assist in the recovery of the bodies. The steel bulkheads will also be out of the way in order to get at them.

SAN DIEGO, July 22.—Forty-one are known to be dead and fifty-six wounded according to the official report of the explosion aboard the gunboat Bennington. Nine of the dead are still unidentified.

It is feared the death list will be largely increased. The vessel now lies beached with a heavy list to the starboard and fifteen feet of water in her hold. A fire engine is being used to pump out the water from the engine room.

The naval board will make a searching inquiry into the cause of the disaster and fix the blame if there is any. An ugly report is in circulation to the effect that the boilers that exploded were known to be defective, but that a favorable report was made on them at the last inspection.

Boilers Were Poor.

WASHINGTON, July 22.—The bureau of steam engineering says that none of the reports on the condition of the Bennington's boilers indicate the boilers were unsafe, although it is admitted the reports stated the boilers were in a generally poor condition.

ALTON B. PARKER CHOKES; ALMOST IS DROWNED

**SAVED WITH GRAND-
SON BY PHOTOGRAPH**

(Scripps-McRae Dispatch.)
POUGHKEEPSIE, N. Y., July 22.—Alton B. Parker and grandson, Alton Parker Hall, were rescued from drowning off Esopus Island, opposite the Parker home, today by Edward Fritz, a photographer of this city.

Young Hall was on Parker's back when the judge choked and was unable to swim in the swift current and called for help. Unable to breathe, Parker threw the lad off, and the latter sank, but was brought to the surface by Fritz.

Both were helped ashore and the boy was resuscitated.

MARGARET BERGER RES- CUED FROM DROWNING

**Girl Taken With Cramps; Wm. Fra-
zer Leaps Into Water With
His Street Clothes On**

Miss Margaret Berger was saved from drowning in the public bath this morning by the presence of mind of Instructor William Fraser, who jumped from the boom in his street clothes and grasping the drowning girl as she was going down for the second time swam with her to shore.

Miss Berger, who is a regular patron of the bath, having learned to swim there last summer, was swimming about just inside the boom, where the water is quite deep, when some other bather noticed that she was in distress and seemed to be having difficulty in keeping above the water. A cry called Mr. Fraser's attention to the case just in time

to see the girl sinking out of sight. He plunged into the water instantly and as Miss Berger came to the surface grasped her and putting one arm about her head towed her to shore.

Miss Berger had swallowed a quantity of water, but after being pounded upon the back for a few seconds was able to walk and retired to her room in the bath house.

Miss Berger is said to be a good swimmer, but was suddenly attacked by a cramp and was unable to reach the boom, which was but a few feet away. Had she been outside the boom, where the current is very swift she might have drowned in spite of all the attendants could do to save her.

SIEGER WILL PAY A CENT AND QUARTER FOR NAMES

**City Clerk Decides to Pay a Fourth
of a Cent More than is Paid
At the Capital City.**

Enumerators engaged by City Clerk J. M. Sieger to take the state census in this city will receive a cent and a quarter per name, leaving a quarter of a cent per name for Mr. Sieger.

The long disputed remuneration question was settled this morning when Mr. Sieger returned from Madison, where he consulted with state officials yesterday. Census Supervisor Thomas Herried was not in the capitol during Mr. Sieger's visit, but he

was informed by the first assistant supervisor that the amount to be paid the enumerators was optional with the city clerk who employed them. In Madison, Mr. Sieger was informed, the enumerators are being paid one cent per name, but the residences in that city are congested, and the enumerators' work is much easier than in La Crosse. In view of this fact Mr. Sieger announces that he will pay a quarter of a cent more per name than is paid in the capital.

AUTO ON WAY TO LA CROSSE IS WRECKED AT VIOLA

**Wealthy Kenosha People Start for
Golf Tournament Here and Al-
most Lose Their Lives.**

While on their way to this city to attend the state golf tournament Mr. and Mrs. Z. G. Simmons, Jr., S. S. Simmons and Miss Edith Brown of Kenosha, with their chauffeur, narrowly escaped death on Canable hill, two miles south of Viola at noon yesterday. The hill is steep and long. As they started to descend the brake snapped and the \$5,000 car descended at a terrific rate of speed.

The road is crooked and in making the turn the car slewed and overturned, breaking Mrs. Simmons' leg above the ankle and severely injuring the others of the party. A special train on the Milwaukee road was secured and the party started for Chicago at 5 o'clock in the afternoon after the local physician had set Mrs. Simmons' leg.

The automobile was badly damaged as it made two complete revolutions. The entire party might have been killed had it not been for the canopy top of the car.

JUDGE ROASTS POLICE FOR INEFFICIENCY IN STRIKES

ARE 100 BUSY KEEPING THEIR EYES ON THE VOTES

Instead of Their Duty Is Opinion of An Iowa Magistrate

Keokuk, Ia., July 22.—In a decision just handed down by Judge Smith McPherson, of the federal court, in the contempt proceedings begun by the Santa Fe road against striking machinists the men are found guilty. Judgment will be pronounced later. Judge McPherson's opinion is one of the clearest and strongest pronouncements against picketing in strikes ever delivered from the bench. He scores for their insincerity authorities who permit lawbreaking in strikes to increase through the half-hearted way in which they attempt to preserve the peace.

He Roasts the Authorities.

In his decision the judge says: "And yet, plain as is all this foregoing, if it had been recognized, this case would not have been brought. Not only so, but there would not have been the slightest occasion for bringing this case had there been any sincerity and honesty of purpose among the local authorities in maintaining peace and order. Intimidation, force, violence and

right to demand any logs in the river unless the owner of them objects, when they must pay him for them.

A scaler is kept at the mill to record the marks and the number of feet belonging to each mark.

Last year the river was pretty well cleared of sunken logs up to Lyttles and they are now continuing their search further up the river.

It is estimated that there are a large number of them still in the river bed and that Trow's mill can be kept busy sawing these for some time to come.

TROLLEY BATTERS STREET LAMP AT CORNER

A defective spot in the large trolley wire near the corner of Clinton and Caledonia streets is causing the street railway conductors considerable trouble and is causing much damage to the street lamp on that corner.

The wire at that place seems to be bent and every time the trolley strikes it, it slips the wire and strikes the lamp with such force that it almost demolishes it.

The globe of the lamp was broken Wednesday evening and since then the upper part of the lamp has been battered. The condition is considered dangerous as a blow from the trolley pole might be sufficient to knock the street lamp off on top of some body's head.

Because a ship runs aground it is not to be inferred that it is a worthless ship; nor, in all cases, that the man at the wheel is an incompetent. Because a business venture "runs aground" it is not to be inferred that it is a worthless venture; nor that its manager is wholly incompetent. A want ad. will usually bring the financial assistance needed to pull a grounded business venture into safe waters again.

HOT WEATHER RETARDED BUSINESS.

New York, July 22.—R. G. Dun & Co.'s Weekly Review of Trade says: Hot weather tended to retard activity in many productive undertakings and postponed forward business that could be delayed without loss, but accelerated the consumption of seasonal merchandise and advanced the crops much nearer maturity. Confidence in the future increases with each day favorable for harvesting, and much of the winter wheat is now beyond danger, while late corn is rapidly regaining lost ground.

Inquiries indicate a general disposition to provide for a large volume of fall and winter business, clothing manufacturers receiving liberal orders from traveling salesmen, while cancellations are exceptionally few. Real estate transfers are large and building operations numerous, often overtaxing facilities for delivery of lumber and other materials.

Failures this week numbered 193 in the United States, against 231 last year, and 23 in Canada, compared with 20 a year ago.

Strikers Destroy the Work on "Black-listed" Houses

New York, July 22.—Fifty striking members of the United Garment Workers of America are held in the Tombs prison on charges of rioting. The prisoners recently left their jobs in a Lispenard street cloak factory. They made a descent on another factory, where they declared work was being done for their old employers, and many cloaks were destroyed, it is charged.

Police reserves hurried to the scene, and after a sharp encounter put the strikers to rout. The prisoners declare they caused no damage, but merely visited the factory to induce the workmen there to walk out in sympathy.

The young woman across the way, who used to run for her car at six-thirty a. m., now leaves the house about eight o'clock. You see—she's a skilled stenographer, and a want ad. found a place for her where the hours of work are easier and the pay better.

A VENERABLE PASTOR CURED BY PE-RU-NA.

Old People Are Especially Liable to Catarrh.

Pe-ru-na is a Tonic Especially Adapted to These Cases.

REV. J. N. PARKER.

Rev. J. N. Parker, Utica, N. Y., writes: "In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much affected but that I could hold converse with my friends; but in June, 1901, my sense of hearing left me so that I could hear no sound whatever. I was also troubled with rheumatic pains in my limbs.

"I commenced taking Peruna and now my hearing is restored as good as it was prior to June, 1901. My rheumatic pains are all gone.

Strong and Vigorous At the Age of Eighty-eight Years.

I cannot speak too highly of Peruna, and now when eighty-eight years old I can say it has invigorated my whole system.

"I cannot but think, dear Doctor, that you must feel very thankful to the All-loving Father that you have been permitted to live, and by your skill be such a blessing as you have been to suffering humanity."—J. N. Parker.

In old age the mucous membranes become thickened and partly lose their function. Peruna corrects all this by its specific operation on all the mucous membranes of the body.

A Pleasure to Endorse Pe-ru-na.

Rev. Chas. Leander, pastor First Spiritual Society of San Francisco, writes from 811 Turk street, San Francisco, Cal., as follows:

"It is with pleasure that I give my endorsement of Peruna. My experience has been very satisfactory from its use, and I do firmly believe that it is the best known remedy for catarrh in all its different forms."—Chas. Leander.

No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

Society

By ALICE W. WHEELER

Surely no one can complain of a dearth in social affairs this week for there have been all kinds of functions, large and small, formal and informal. The two most important events were the hospital vaudeville and the golf tournament, and any one that did not belong to one or the other was not strictly "in it." There were many strangers in the city for which many of the pleasant affairs were given in honor.

The country club has been a scene of great activity. There have been luncheons, and dinners, dances and concerts, while the links have been filled with anxious and interested spectators and players. Today ends the contest and the excitement will be over, but the pleasures of the week will long be remembered by the participants.

DINNERS.

Mr. and Mrs. Ellis B. Usher entertained at dinner at the Country club Thursday evening in honor of their guests, Mr. and Mrs. L. W. Neiman of Milwaukee. Other guests present were G. H. Russell, president of the Milwaukee Country club, Messrs. and Mesdames D. Cunningham, J. G. W. Traer and Capt. and Mrs. W. A. Thompson.

A dinner of ten covers was given Thursday evening at the Country club followed by a theatre party in honor of Mrs. Ensign of Minneapolis, Miss Reed of New York, Miss Carter of Hannibal, Mo., guests of Mrs. Jessie Pettibone, and Mr. Buckingham of Minneapolis, guest of Mr. C. H. Rogers.

Wednesday evening Mrs. G. W. Traer entertained at dinner at Glenwida. The guests were Mr. and Mrs. L. W. Neiman of Milwaukee, Mr. and Mrs. Ellis B. Usher, Mr. and Mrs. D. Cunningham and Captain and Mrs. W. A. Thompson. This evening she will entertain at the Country club, the guests invited are Mr. and Mrs. W. W. Cargill, Mr. and Mrs. Fred Hanchett, Mr. and Mrs. F. P. Hixon, Mr. and Mrs. F. H. Hankerson and Mrs. W. E. Sawyer.

Mrs. Amelia Ryder gave a dinner Monday evening at the home of Mr. and Mrs. Nevins. The guests were Mesdames Hyslop, George Powell, J. L. Pettingill, Charles Pettingill, S. L. Meister, C. N. Moller, Fred Phillips, Nevins, Joseph Clarke, E. L. Spicer, John Palmer, Fred Rogers, Will Powell, Harry Kincaid, James Hogan, the Misses Anna Goodland, Fanny Clarke, Maud Pettingill and Bessie Nevins.

There will be a dinner at the Country club this evening in honor of Mr. and Mrs. Ensign, Miss Reed and Miss Carter who are guests of Mrs. Jessie Pettibone.

LUNCHEONS.

Miss Carolyn Lloyd was guest of honor at a luncheon given by Miss Jessie Holway Monday. Miss Lloyd leaves in a few weeks for Springfield, Mass., where she will make her home in the future. There were 20 guests present.

Mrs. Henry Gund entertained at a luncheon Wednesday at the Country club for her daughters, the Misses Emma and Louise Gund, Miss Lucile Anderson of Red Oak and Miss Maurita Viles of Chippewa Falls. Others present were the Misses Grace and Ruth Heath, Margaret Burns, Abby and Edna Coren, Freda Michel and Helen Norbeck.

Miss Edna Osborne entertained at a luncheon yesterday at the Country club. The guests were Miss Mildred Capen, Miss Ruth Jennings, Miss Mildred Davidson of Madison, Miss Ina Higbee, Miss Helen Bellerne, Mrs. W. R. Finch, Messrs. Blake Nevius of Winona, Frawley of Eau Claire, Jessie Higbee, Rockwell Osborne and D. S. Law.

Friday Mrs. Louise Withee entertained at a luncheon for her guest, Mrs. R. Scofield of Clark Co. Those present were Mesdames S. S. Wallace, David Austin, J. S. Caldwell, Sones, Andrew Nevins, G. H. Ray, T. H. Spence, L. J. Sawyer and F. G. Tiffany.

Mrs. S. B. Oatman gave a luncheon Tuesday in honor of her daughter, Mrs. W. J. Brayton of Minneapolis. The guests who were former school mates of Mrs. Brayton, were the Misses Josephine Farnam, Lucile Servis, Susan and Marie Watson, Grace Drake, Margaret Beisel, Lillian Anderson, Martha Lightbody, Abby, Anna and Fanny Brayton and Mrs. A. M. Brayton.

"AT HOME"

Wednesday afternoon Mrs. Jessie Pettibone and Mrs. John Abblet were hostesses at a pleasant reception at the home of the former, 827 State street. The affair was given in honor of Mrs. R. E. Ensign of Minneapolis, Miss Carter of Hannibal, Mo., and Miss Nelline Reed of New York who are guests of Mrs. Pettibone. Although the day was intensely warm the rooms were rendered delightfully cool and pleasant by the aid of num-

flowers distributed throughout the rooms transforming them into floral and vine clad bowers. The reception room was in pink and white cosmos and sweet peas. In the living room were nasturtiums with a backing of green vines. In the dining room were Shasta daisies and ferns and in the hall palms and green foliage. The diningroom was in charge of Mrs. C. J. Felber, Mrs. John Holley and Mrs. W. A. Thompson presided at the table, their assistants being Miss Helen Bellerne, Miss Margaret Marston and Miss Norbeck. Mrs. Fred Hanchett, Mrs. Robert Hyde and Mrs. W. W. Withee assisted by Miss Eleanor Marston and Miss Melinda Funk served the ices, while Miss Margery Sill and Miss Georgine McDonald presided over the punch bowl. Mrs. Mills Tourtelotte assisted in the parlors. One hundred and eighty invitations were issued. There was a great display of handsome toilets, the guests looking exceptionally well in their filmy summer gowns.

HOSPITAL BENEFIT.

The fourth annual vaudeville entertainment for the benefit of the La Crosse hospital, given Thursday evening under the management of Donald McDonald fairly eclipsed all previous ones. The theatre was filled to overflowing with a wildly enthusiastic and appreciative audience who gave expressions of delight in repeated encores. Each number was a hit and the audience would have gladly welcomed a repetition of the program. Our own local talent, consisting of Miss Russell, Miss Alma Hosly, Miss Grace McLindon and Punch Robinson was reinforced by Mrs. George Hixon and sister, Miss Kelleher of Chicago who have appeared before a La Crosse audience in several other entertainments. The Misses Copen, Davidson and Jenny of Madison, Messrs. Blake Nevius of Winona and Alman Taggart. The affair was handsomely and artistically staged. The program was carried out with smoothness and without delays. All went away more than pleased with the success of the evening.

BIRTHDAY PARTY.

Miss Norma Partridge entertained a few friends Tuesday afternoon in honor of Miss Cora Scott of Smithville, Texas, and Miss Genevieve Cook of Minneapolis. It was also the birthday of the hostess who was pleasantly surprised by receiving a number of pretty gifts from her guests. The afternoon hours were spent in playing croquet and other games. Supper was served upon the lawn at 6 o'clock. A birthday cake with thirteen candles graced the table. After supper the guests held an impromptu musical. The guests present were Cora Scott, Genevieve Cook, Bernice Barber, Alice Pryor, Edith Pryor, Helen Burke, Ada Semington and Ethel Curn.

LAUNCH RIDE.

Mr. and Mrs. John Pamperin gave a launch ride and supper Sunday on the Otto in honor of Mr. and Mrs. F. P. Blumenfeld of Milwaukee.

Friday evening a party consisting of Mr. and Mrs. Ensign of Minneapolis, Miss Reed of New York, Miss Carter of Hannibal, Mr. and Mrs. Abblet, Mr. and Mrs. John Holley, Mrs. Jessie Pettibone, Messrs. A. F. Espersen, Augustus Tourtelotte, Eastman, Rogers, Donald McDonald and Buckingham of Minneapolis enjoyed a launch ride to Dakota.

Saturday evening Mr. Jack Jones took a party to the lime kiln on the Otto launch.

INFORMAL RECEPTION.

Mrs. David Law and Mrs. W. R. Finch entertained informally Thursday evening after the vaudeville for Mr. D. S. Law and his guests the Misses Capen, Davidson and Jennings of Madison. It was a pleasant wind-up of the evening and afforded the guests an opportunity of meeting personally the strangers who had so willingly given their services for the benefit of the hospital entertainment.

CARD COMPANIES.

Wednesday afternoon Mrs. J. L. Pettingill entertained a score of ladies at cards. The prize were taken by Mrs. J. M. Palmer and Mrs. Fred Phillips.

Tuesday evening Miss Marquardt entertained a few friends at cards.

CIRCUIT COURT JURY HAS PAUL HORNE DAMAGE CASE

The case of Paul E. Horne vs. the La Crosse Box company went to the jury in circuit court shortly after 11 o'clock this morning. The jury will return a special verdict in answer to the following question:

1. Did the defendant, Joosten, direct the plaintiff to clean out the lower hood or hopper of the machine in question immediately prior to the accident?

2. If you answer the first question in the affirmative, then were the defendants negligent in failing to instruct the plaintiff as to the dangers incident to the cleaning out of such hopper?

3. If you answer the second question in the affirmative, then was such negligence the proximate cause of the plaintiff's injury?

4. Was the plaintiff wanting in

the exercise of any ordinary care which contributed to his injury?

5. If the court shall finally determine that the plaintiff is entitled to recover at what sum do you assess his damages?

ADVICE BETTER THAN KICKING.

The desire to criticize sometimes gets away with the judgment of people, as well as newspapers. Just now it is a fad to find fault with the swimming tank.

It is said that the tank is deficient in many things. It is, as is to be expected. With the limited amount of money at their disposal the people who provided the bathhouse could not be expected to put up a resort that would compare with the great bathing houses of New York, Chicago and other great cities.

A great many people just now are assuming that we should have the best bath house in the world; they have not stopped to figure the financial end of the problem. We can have no better public bath house than the city pays for.

Therefore, to be fair, criticism of the bath house must be based on existing conditions. We spent some money for a bath house; did we get a run for the money?

The Tribune believes we did. The patronage that the place has attracted during the past two years is evidence that the resort is popular. Some errors in construction and arrangement have been made, and some bad luck in the matter of attendants was experienced. However, these are all things that can be remedied. We want a satisfactory tank. The people want it and the city wants it. Defects must be overcome and improvements made as our knowledge of what is wanted grows and opportunity presents itself.

Then don't let's "kick." Let's ADVISE, instead. Instead of jangling with each other, the expert swimmers and the city officials should talk things over; exchange of the best ideas to be had in the community would thus enable the city to eventually make the most of its bath house.

"SCOOPS"

A few days ago the Leader-Press took a playful and kittenish "poke" at the Chronical, its partner in Light newspaper work, for belittling the school census story simply because it had been "scooped." Last evening the versatile superintendent of the "denial department" on the notorious evening paper showed his bile in connection with the attempted suicide story after being "scooped" by The Tribune. The story was true, notwithstanding the Electrical Organ's display of "yellow."

STORY OF EARLY HARDSHIPS TOLD IN LIFE OF PETER UHL

Trempealeau County Resident Who Died Last Sunday at La Crosse Hospital Was One of First Pioneers.

An incident in the hardships of pioneer life in western Wisconsin in the early days of La Crosse, is contained in a published sketch of the life of Peter Uhl, the Trempealeau county old settler who died at the La Crosse hospital last Sunday and who was buried in Galesville Tuesday. A portion of the sketch follows:

"In the fall of 1854 Peter started out alone with three ox teams and a wagon, determined to secure provisions for the family if such were to be found. He went first to Trempealeau, where he had been promised flour, but was disappointed and went on to La Crosse. There he bought twelve barrels of flour, and loading them on his wagon started for home. The difficulties attending this trip may be conceived when it is known that there was not a bridge at this time between the present village of Galesville and La Crosse. In returning with his load of flour he forded the La Crosse river three times, and before crossing he would remove his load but four barrels, that he might not sink too much, thus making it possible to cross the river in a single trip."

Want advertising is highly utilitarian. It makes this newspaper more to you than a mere newspaper—it turns it into a means and medium by which you may accomplish things—get things, dispose of things, find people or find publicity.

GOSSIP FOR THE FANS

Yesterday Vogt missed a fast ground hit that was far to reach and hard to handle; it wasn't a bad fumble, but it got away just enough to let the batter anchor to the bag. Immediately a half dozen voices of bad mannered young men in the grandstand bellowed, "rotten!" The only "rotten" thing was the cold feet of these knockers. For heaven sake can't our team lose a game without being roasted. We have a bunch of players here that are safe anywhere in the Badger State. Treat them right, and don't "bawl out" a good player when, as the best of them do, he makes an error. It is the talk of the circuit that La Crosse is the quickest to roast its team of any blanchers in the state. Lets jolly the boys along and cut the knocking out.

Of knocking grounders to Third base The visitors are wary;
The reason's plain enough to see—
They're leary of O'Leary.

It took Vogt, Konetchy, Clay and Cole just six minutes to pound out the three necessary runs, when they got started. Please get started sooner next time, fellows, or you'll give us all heart disease.

Umpire Bolan's return to La Crosse was the occasion of a hearty ovation at the ball park. The crowds cheered him with a heart in the cheer, and it was plainly demonstrated that good umpiring draws the bouquets as readily as inaccurate umpiring gets the mud.

Up sticks, an' Dad's deal.

Two more smashing games before the fast tailenders leave us. Green Bay is displaying wonderful pluck in forgetting her percentage and fighting a brilliant battle for every game. No enthusiast can afford to miss these two with Green Bay.

THE D—MN OLD BAT.

I dreamed I was a baseball bat;
A player gripped my neck,
Spit on his hands and said, "I see
By the score sheet I'm on deck."

He faced the pitcher with a grin,
With me he hit the plate;
Then swung me at an in-shoot
That barely missed his pate.

"Strike one," the umpire shouted—
That a foul! He said, "Strike two!"
Then came a half a-dozen fouls
That left me black and blue.

At last he leaned against one,
And the short stop set it up;
'Twas felled out to No. 1
Said the umpire, "Batterup!"

And then that thankless batter,
He ground his teeth, and spat,
And slammed me down upon the ground
And muttered, "Dam the bat!"

Then, startled, I awoke to find
I'd fallen out of bed;
My ribs were bruised most awfully,
As also was my head.

But tho' it was a painful dream,
It served to teach me that
The batter never is to blame;
It's the "d—mn old bat!"

Can't Make New Contracts for Passes

MADISON, Wis., July 22.—The attorney general yesterday rendered an opinion to the effect that men holding public offices and under contract with railroads could fulfill those contracts and use mileage books or other transportation furnished by the roads. These persons, however, can not take advantage of new contracts along these lines. The attorney general also holds that semi-weeklies are to be considered as dailies so far as the publication of state laws are concerned.

SUPERIOR MAN IS CHAIRMAN OF COMMISSION

SUPERIOR, Wis., July 22.—The Wisconsin grain commission organized here yesterday by the election of Homer Andrew of Superior as chairman and secretary. Byron Kimball was made chief weighmaster and assistant secretary. The commission held a four hour executive session, but got no farther in the appointment of officials. It will meet again tomorrow and hopes to complete the work of making rules and establishing grades. It is planned to start the new inspection system here Aug. 1 if possible. The commissioners are Homer Andrew of Superior, J. D. Shanahan of Buffalo and M. F. Swansten of Michigan, N. D.

Letters from Frank R. Crumpton, who is in the east as a representative of the local board, indicate that he is having the best of success. A prominent Buffalo buyer is quoted as saying that the Wisconsin inspection will result in a large increase in the price of grain.

eral opinion in the east that the passage of the Wisconsin law would be a good thing for eastern buyers. "They will at least be safe in buying grain of a certain grade here and having it remain the same grade when it arrives in Buffalo," was his comment.

Tearing Down The West Newton Works.

Work on the final removal of the West Newton rafting works has been delayed for nearly a week past while the men have been employed in picking up twenty-one brails of logs that were cut loose from the works after they had been made up ready for rafting. It has not yet been discovered who did the cutting, but it has entailed a lot of extra work. Most of the logs were caught at Fisher slough. Now that the logs have been saved the work of dismantling the West Newton work will be continued and it is expected to complete it in about a week. All the driven logs and booms are being taken out from the mouth of the Chippewa river to the bottom of the West Newton works.

The disappearance of these works to a large extent marks the passing of the log rafting industry on the upper Mississippi, although it will be carried on to some extent for a few years longer, but it will not be very long before every mill on the Mississippi river south of St. Paul will be closed down, and the logging industry will be turned to newer fields, where there is plenty of timber supply. For several years past the logs cut along this section of the river have been of quite small diameter, and nothing to compare with the giants of the forest brought down in the palmy days of lumbering on the Chippewa river.

A Former La Crosse Man Passes Away

Word has been received in the city of the death of Jacob Walter, a resident of La Crosse county for 35 years, and for nine years a resident of Trempealeau county, at his home in Hagen.

Jacob Walter was born in Baden, Germany, Sept. 7, 1834. He came to America in 1856 and settled at Menominee, Wis., and later moved to La Crosse county, where he lived about 35 years. Nine years ago he came to Buffalo county and leased the Gleason farm in Glencoe, remaining there for six years. His sons having moved to northern Wisconsin three years ago, he soon followed, desirous of living near his children.

INDECENT POSTAL CARDS BARRED

According to new regulations issued by the postoffice department postal cards of the souvenir variety containing indecent pictures will not be delivered through the La Crosse postoffice or any other postoffice in the country.

A number of cards have already been taken out of the mails here and turned over to Inspector Fraser, but no prosecutions have been started.

LA CROSSE MILITIA LEAVES FOR ANNUAL ENCAMPMENT

Regimental Officers, Military Band
and Two Companies Leave the
City at 7:15 This Morning

Col. Orlando Holway and staff, Companies B and M and Dana's Third regiment band left at 7:15 this morning in a special train over the Milwaukee road for Camp Douglas, where the Third regiment, W. N. G. will be in camp until next Friday, arriving home in the afternoon of that day.

The train picked up the Sparta and Tomah companies at their respective stations, and arrived at Camp Douglas at 9:30. A dispatch from the camp at noon today stated that the companies were all installed in their tented city and ready for the week's work. Regular military duties were not taken up this afternoon on account of some of the companies in the regiment from the northern part of the state failing to arrive until the middle of the afternoon. The first turnout of the regiment will be at dress parade this evening.

The official rosters of the two local companies are as follows:

Company B.
Captain—Fred Schultz.

William Redhead Tells Court that He is a
"Gentleman From Michigan and
A Fool, Ha! Ha!"

William Redhead, a farm hand, was arraigned before Judge Hunt yesterday afternoon on the charge of throwing a knife at the son of Henry Schroeder, proprietor of a saloon on the road to Salem. His case was adjourned for a week.

Redhead acted in a most peculiar manner in the court room, telling a rambling story about working on a farm across the river, leaving because it was too hot and coming to this town. He did not know where the farm was, what river he had crossed, the name of this city, or anything else

of consequence. He smilingly agreed to everything the officers suggested and supplemented every statement with a loud guffaw, seeming to be highly amused at the proceedings of the court.

Among other things he said: "I'm a gentleman from Michigan and I'm a fool. Ha, Ha!"

It is thought that his mind has been affected by the heat.

EIGHT MEMBERS OF CO. M HEAVIEST IN NATL. GUARD

Combined Weight of "Sets of Fours"
is 1,976--Leave for Camp
Douglas Today

Eight young men of this city, members of Company M, Third regiment, W. N. G., claim the distinction of being the heaviest set of fours in the United States. Their combined weight is 1,976 pounds, an average of 247 pounds per man.

Calvin Jinks, wrestler and all round athlete, is the heaviest of the squad. He weighs 266 pounds; he is second assistant superintendent of the La Crosse City Traction company. Next to him is Claude Maurer, 239 pounds, son of Dr. W. A. Maurer, whose mother is a fashion writer of some fame. He is a C. B. & Q. machinist. Oliver Ash, 263 pounds is next. He is a stenographer and bookkeeper with a local firm. George Mueller, 258 pounds, is the next in line. He holds the state championship of the Wisconsin Sharpshooters, and is famous as Minnesota's great guard as well as a coach of college teams; he will compete for a place on the Sea Girt, N. J., rifle team this year. Corporal W. W. Ferris, employee of the

Wisconsin Light & Power company, is next, carrying 221 pounds. At 256 pounds Harry Ripley comes next in weight; he is a motorman. C. F. Hodge, a C. M. & St. P. fireman, weighs 229 pounds and last but not least is Edward Edberg who weighs 244 pounds, also a motorman. At the front is the picture of Dan Erickson, 120 pounds, the smallest man in the regiment. Not one of these men would be eligible to the regular army because of over-weight, but every one of them is healthy and vigorous. Of the set of fours, two were members of the volunteer army in the Spanish American war, Ripley and Mueller having both seen service in Porto Rico.

The companies went into camp at Camp Douglas today and the men expect to set a new record for marksmanship. They won the national record for volley firing in 1900 and held it until 1904, when they lost it to Company B, also of this city. La Crosse is enthusiastic over its militia companies.

WEST SALEM HAS INCREASED IN POPULATION

The enumeration of the inhabitants of the village of West Salem is now complete and the official count shows the population to be 868. The census of 1895 gave West Salem 695 and that of 1900 was 725 so that there is a handsome increase in the past five years.

The oldest person in the village is Mrs. Belinda Leonard who is in her 95th year. She also antedates any other person in the place whose name was given to the business street, settled on the homestead where the family still reside, in May, 1851.

COURT REPORTERS CANNOT HOLD PASSES

According to an unofficial opinion rendered by Attorney General Sturdevant in response to a letter of inquiry by Alfred Harrison of La Crosse, official reporter for the court of the Sixth Wisconsin circuit, it is unlawful for a court reporter to hold a free pass from a railroad company in exchange for the transcription of such matters as may be desired by the company.

The attorney general described Mr. Harrison's contract as not allowable under the anti-pass law, as the court reporter is a state official in a sense and therefore cannot accept a pass even in exchange for the services mentioned, but the attorney general also held that the contract in this instance having been entered into lawfully before the legislature acted the last time, the contract was good until by its own terms it terminated. It would be unlawful to make such a contract hereafter.

ATHLETES TO FIGHT OUT THE CHAM- PIONSHIP.

The Athletes, amateur champions of the city, will play a second game with the Winona team in that city tomorrow afternoon. The line-up of the Athletes will be as follows:

Catcher, Riley; pitcher, Burke; second, A. Swan; third, Kirchies; short-stort, Kaulfuss; left field, Kolm; center field, Swan; right field, A. Johnson; sub., Barney.

Notzel's Auto Broke Down

Fred Notzel, the cigar salesman, finally succeeded in getting his automobile repaired and left with it for La Crosse Tuesday morning, says the Norwalk Star. The machine has been at the livery barn for about three weeks where Mr. Notzel brought it with a team from the country. A new engine was sent for, besides other repairs, and Mr. Notzel worked on the machine several days to get it together. The automobile fever has now somewhat abated in this community. K. C. Pined accompanied Notzel.

and Two Companies Leave the
City at 7:15 This Morning

Col. Orlando Holway and staff, Companies B and M and Dana's Third regiment band left at 7:15 this morning in a special train over the Milwaukee road for Camp Douglas, where the Third regiment, W. N. G., will be in camp until next Friday, arriving home in the afternoon of that day.

The train picked up the Sparta and Tomah companies at their respective stations, and arrived at Camp Douglas at 9:30. A dispatch from the camp at noon today stated that the companies were all installed in their tented city and ready for the week's work. Regular military duties were not taken up this afternoon on account of some of the companies in the regiment from the northern part of the state failing to arrive until the middle of the afternoon. The first turnout of the regiment will be at dress parade this evening.

The official rosters of the two local companies are as follows:

Company B.
Captain—Fred Schultz.
Lieutenants—A. Weisbecker, P. Wendling.
Sergeants—L. Sill, A. Roomer, M. Affeldt, J. Simkey, G. Roellig, L. Weigel.
Corporals—E. Last, L. Mix, R. Jung, F. Siede, J. Bradley, F. Luedtke.
Artificer—J. Storkerson.
Musicians—W. Wendin, W. Buchda.
Privates—N. Adams, H. Boldt, A. Buchman, F. Ceason, A. E. Edgell, M. Exel, W. Franz, H. Franz, E. Freise, J. Fuchsel, C. Groth, G. Guile, S. Guile, H. Guenther, W. Guggenbruhl.

MIND WEAKENED BY HEAT THROWS KNIFE AT YOUTH

William Redhead Tells Court that He is a
"Gentleman From Michigan and
A Fool, Ha! Ha!"

William Redhead, a farm hand, was arraigned before Judge Hunt yesterday afternoon on the charge of throwing a knife at the son of Henry Schroeder, proprietor of a saloon on the road to Salem. His case was adjourned for a week.

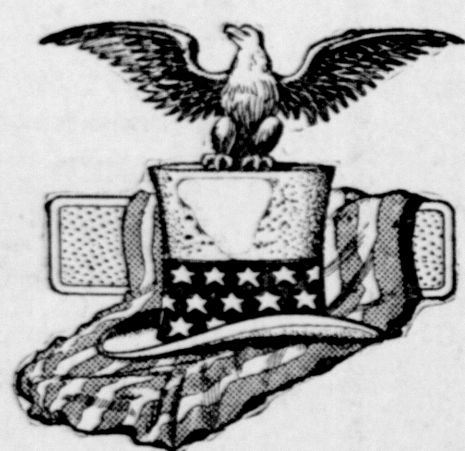

Redhead acted in a most peculiar manner in the court room, telling a rambling story about working on a farm across the river, leaving because it was too hot and coming to this town. He did not know where the farm was, what river he had crossed, the name of this city, or anything else

of consequence. He smilingly agreed to everything the officers suggested and supplemented every statement with a loud guffaw, seeming to be highly amused at the proceedings of the court.

Among other things he said: "I'm a gentleman from Michigan and I'm a fool. Ha, Ha!"

It is thought that his mind has been affected by the heat.

EIGHT MEMBERS OF CO. M HEAVIEST IN NATL. GUARD

Combined Weight of "Sets of Fours"
is 1,976--Leave for Camp
Douglas Today

Eight young men of this city, members of Company M, Third regiment, W. N. G., claim the distinction of being the heaviest set of fours in the United States. Their combined weight is 1,976 pounds, an average of 247 pounds per man.

Calvin Jinks, wrestler and all round athlete, is the heaviest of the squad. He weighs 266 pounds; he is second assistant superintendent of the La Crosse City Traction company. Next to him is Claude Maurer, 239 pounds, son of Dr. W. A. Maurer, whose mother is a fashion writer of some fame. He is a C. B. & Q. machinist. Oliver Ash, 263 pounds is next. He is a stenographer and bookkeeper with a local firm. George Mueller, 258 pounds, is the next in line. He holds the state championship of the Wisconsin Sharpshooters, and is famous as Minnesota's great guard as well as a coach of college teams; he will compete for a place on the Sea Girt, N. J., rifle team this year. Corporal W. W. Ferris, employee of the

Wisconsin Light & Power company, is next, carrying 221 pounds. At 256 pounds Harry Ripley comes next in weight; he is a motorman. C. F. Hodge, a C. M. & St. P. fireman, weighs 229 pounds and last but not least is Edward Edberg who weighs 244 pounds, also a motorman. At the front is the picture of Dan Erickson, 120 pounds, the smallest man in the regiment. Not one of these men would be eligible to the regular army because of over-weight, but every one of them is healthy and vigorous. Of the set of fours, two were members of the volunteer army in the Spanish American war, Ripley and Mueller having both seen service in Porto Rico.

The companies went into camp at Camp Douglas today and the men expect to set a new record for marksmanship. They won the national record for volley firing in 1900 and held it until 1904, when they lost it to Company B, also of this city. La Crosse is enthusiastic over its militia companies.

WEST SALEM HAS INCREASED IN POPULATION

The enumeration of the inhabitants of the village of West Salem is now complete and the official count shows the population to be 868. The census of 1895 gave West Salem 695 and that of 1900 was 725 so that there is a handsome increase in the past five years.

The oldest person in the village is Mrs. Belinda Leonard who is in her 95th year. She also antedates any other person in the place whose name was given to the business street, settled on the homestead where the family still reside, in May, 1851.

COURT REPORTERS CANNOT HOLD PASSES

According to an unofficial opinion rendered by Attorney General Sturdevant in response to a letter of inquiry by Alfred Harrison of La Crosse, official reporter for the court of the Sixth Wisconsin circuit, it is unlawful for a court reporter to hold a free pass from a railroad company in exchange for the transcription of such matters as may be desired by the company.

The attorney general described Mr. Harrison's contract as not allowable under the anti-pass law, as the court reporter is a state official in a sense and therefore cannot accept a pass even in exchange for the services mentioned, but the attorney general also held that the contract in this instance having been entered into lawfully before the legislature acted the last time, the contract was good until by its own terms it terminated. It would be unlawful to make such a contract hereafter.

ATHLETES TO FIGHT OUT THE CHAMPIONSHIP.

The Athletes, amateur champions of the city, will play a second game with the Winona team in that city tomorrow afternoon. The line-up of the Athletes will be as follows:

Catcher, Riley; pitcher, Burke; second, A. Swan; third, Kirchie; shortstop, Kaulfuss; left field, Kolm; center field, Swan; right field, A. Johnson; sub., Barney.

Notzel's Auto Broke Down

Fred Notzel, the cigar salesman, finally succeeded in getting his automobile repaired and left with it for La Crosse Tuesday morning, says the Norwalk Star. The machine has been at the livery barn for about three weeks where Mr. Notzel brought it with a team from the country. A new engine was sent for, besides other repairs, and Mr. Notzel worked on the machine several days to get it together. The automobile fever has now somewhat abated in this community. E. C. Pingel accompanied Notzel to La Crosse. They had considerable trouble but finally reached La Crosse about dusk.

AUG. BRIESKA WHO SHOT BOY IS NOW ON TRIAL

Charge Changed to Assault With Intent to Do Great Bodily Harm--Protests He Did Not Mean to Shoot.

The trial of August Brieske, who is charged with shooting a boy who tormented him, was started in circuit court today, after the complaint had been amended to read "assault with intent to do great bodily harm," instead of "assault without regard to life."

Brieske is charged with shooting William Miller, aged 18, in front of the Exchange hotel on the north side, but through a strange freak of good fortune the shot struck a steel disk in the boy's pocket and was thus deviated from its course, but a slight injury being inflicted.

Brieske claims he had no intention of shooting any of the boys gathered in front of his place, who were tormenting him and otherwise creating a disturbance. He avers that he simply aimed to scare them away, when he shot from the door.

SECOND WARD SHOWS FALLING OFF OF 323 PEOPLE

Closing of Coleman Mill is Probably Responsible for the Loss--Biggest Decrease Yet Recorded

Census returns from the Second ward handed in to the city clerk this morning show a falling off of 223 as compared with the national census of 1900. This is the biggest loss recorded in any ward thus far compiled. The big falling off is accounted for principally by the closing down of Coleman's mill. Wisconsin was also especially honored at the meeting of this association just closed in Portland, Ore., by the election of Mr. Legler as one of the five members of the publishing board of the American Library association, to the maintenance of which Mr. Carnegie has contributed the income of \$100,000.

Mr. Legler will be remembered by many of the residents of La Crosse. He was born in a house at Fifth and Ferry streets, where he lived for a number of years before leaving to take up library work in other cities. He is a brother-in-law of Peter Newburg.

CONDENSED TELEGRAMS

Dog Kills a Park Deer.
New York, July 22.—A fallow deer was killed by a St. Bernard dog after a hard fight in the New York Zoological park in the Bronx. The fight, which took place in the old buffalo range, lasted nearly an hour, and though the dog was gored time and again he did not relinquish his hold until a watchman killed him with a bullet. This is the second time within a few months that a dog has made its way into the park and killed a deer.

Whipped a Hahn Because It Cried.
Lincoln, Neb., July 22.—Rev. Martin Fleckenstein, pastor of the German Lutheran church at Minden, Neb., has been fined \$10 and costs for whipping his 7-months-old child because it cried. Neighbors caused his arrest after frequent offenses of the kind. The judge levying the fine was severely criticised for not giving the minister a jail sentence and a heavier fine.

Wm. Alden Smith to Europe.
Grand Rapids, Mich., July 22.—It is stated that William Alden Smith has concluded to attend the international parliamentary conference at Brussels, that he will be accompanied on the trip by Mrs. Smith, his son William, and Mrs. Brown, of New-aygo, and that the party will sail on Aug. 4 on the Celtic. Representative Smith is at present in New York.

Truckmen Strike at Baltimore.
Baltimore, July 22.—Business is completely tied up on all the Baltimore and Ohio Railroad company's piers at Locust Point as the result of a strike on the part of between 250 and 300 truckmen employed on the piers. The strike has been pending over a week, but the company was taken by surprise when the men refused to go to work.

Gordon Probably Thinks So.
Manistee, Mich., July 22.—Because he promised to marry Mrs. Christofferson and then changed his mind after getting a deed to her property, Chas. Gordon, of Pierpont, is in jail here, confronted by a charge of obtaining property under false pretenses. Mrs. Christofferson, the complainant, is a charming young widow of Pierpont.

Dastard Mortally Wounds a Woman.
Minneapolis, July 22.—Because she had testified against him, Gus Drexler, upon his release from a workhouse sentence for drunkenness, shot his landlady, Mrs. Frank Albricht, shattering her spine and inflicting a probably fatal wound. He then took poison and died within an hour.

National Conference of Charities.
Portland, Ore., July 22.—Edward T. Devine, of New York city, has been elected president of the National Conference of Charities and Corrections at the last session of the annual convention here.

Adopted Daughter Gets \$165,000.
Des Moines, Ia., July 22.—Through the recent death of Mrs. Jane Martin, of Nevada, Ia., Miss Pearl Martin, an adopted daughter, has fallen heir to a fortune of \$165,000. Miss Martin is 16 years of age. She was adopted very early in life, her parents being poor. The total value of the estate left by Mrs. Martin is placed at \$250,000, one-third of which goes to the husband. Efforts have been made by relatives of the deceased woman to find a will. None has been found, however, and probably will not.

Cigarette Smokers Not Wanted
New York, July 22.—A campaign has been begun by Commissioner Wathern against the use of cigarettes on Ellis Island. Their sale has been forbidden, and the commissioner has caused it to be known among the employees that cigarette smokers are not wanted.

MILWAUKEE GRAND JURY
INDICTES FOURTEEN MEN

GRAFT IN CREAM CITY--
ONE IS THE FIRE
CHIEF.

One Bribe Came
High--Names of
Accused

Milwaukee, July 22. — Twenty-four true bills against fourteen individuals have been returned by the grand jury which has been investigating alleged "grafting." This is the third batch of indictments handed down since the jury went into session on June 20, the grand total thus far numbering 129. This latest list contains seven new names, the most prominent being Thomas A. Clancy, chief of the city fire department, who is indicted on one count, the charge being perjury. Some of the indictments were returned on the strength of testimony offered by August Puls, against whom several indictments were returned in the first two lists of true bills.

Caplases Issued for These Men.

Caplases have been issued for the following indicted persons: Thomas A. Clancy, chief of the Milwaukee fire department; William E. Hanrahan, secretary of the Milwaukee fire department; William J. Coeper, captain of fire station No. 20; Herman W. Buemling and Gustav A. Dick, architects; Herman Neidner, tile contractor; Frank Schultz, newspaper reporter; A. V. Klefisch, committee clerk, county board; Fred Hartung, formerly supervisor and present assemblyman; John F. Dittman, formerly supervisor; Herman Haasch, formerly chairman of the county board; Max Reinholdt, formerly supervisor; W. H. O'Keefe, supervisor.

What Is Charged Against Clancy.

The indictment of Chief Clancy caused a sensation. A fund was collected, it is alleged, to defeat a bill in the last legislature requiring that members of the police and fire departments be given a hearing before discharges could be made. Clancy is with with meeting with others of the fire department three days ago to agree upon testimony in case of being called before the grand jury. He is charged with testifying falsely before the grand jury. The indictments against Hanrahan and Coeper are similar to that of Clancy.

Puls Came Rather High.

Indictments against Buemling and Dick, architects, were returned on testimony offered by August Puls, in which he alleges that he was paid \$2,000 to use his influence in awarding the contract for plans and specifications on the county hospital addition in 1901. A. V. Klefisch is charged on one count with paying a bribe of \$700 to ex-Supervisor August Puls in connection with the transfer of the old morgue site to the Milwaukee Electric

Railway and Light company and on another count is accused with extortion.

Money Extorted by Threats.

Fred C. Schultz is accused of extorting two small amounts from contractors on threats of exposing alleged deals. Frank Schultz, against whom seven true bills were returned, is charged with extorting \$50 from each of seven contractors on threats of exposure of alleged "deals." The balance of the indictments charge bribery in connection with county contracts.

Coolie Labor
For Canal

Washington, July 22. — The first attempt to secure laborers in large numbers for work in connection with the construction of the Panama canal will be made when bids are asked by W. Leon Pepperman, acting chief of office of the Panama canal commission, for 2,000 each of Chinese, Japanese and Italian laborers.

Those who compete for furnishing these laborers will be required to submit bids first as to the amount per day for which the laborers of a certain nationality will work, and also bids stating the amount the government will be required to pay to get the laborers on the isthmus of Panama. In this latter item will be included, particularly in the case of Chinese, an amount of money advanced to the family of the Chinaman for maintenance until the wage-earner can remit for this purpose from his earnings; the amount of the transportation, and necessary incidental funds to defray the expenses of the journey.

Time and money are supposed to be of equal value. You would give money freely to be able to secure a good servant, a good clerk, a desirable house—or to meet any present need. How much TIME will you give? It may require merely enough in which to read and answer a few want ads.

If you can't boost, don't knock!

Juntgen Had a
Shortage

Paris, Ill., July 22.—The preliminary hearing of W. W. Juntgen, charged with embezzlement in connection with the Edgar county bank explosion mystery, was taken up before United States Commissioner F. E. Shopp in this city. Robert H. Kile, cashier and John A. Levings, who made the expert examination of the books, testified. Kile said there was a shortage of \$7,500 in the accounts of the bank, which was confined to the outside account ledger, kept by Juntgen.

This had been brought about by a system of false entries of fictitious drafts, charged up to the foreign correspondents, but for which their acknowledgments show no credit. Three of these drafts were for \$500 each and were charged to the Capital National bank, of Indianapolis, on March 24, March 28 and April 19 of the present year. The carbon copies of the letters accompanying these remittances, kept on file by the bank here, show these charges, but they are missing from the supposed originals obtained from the Capital National and other outside banks, including the First National, of New York.

Most of the transactions were entered up as drafts issued to F. L. Kidder & Co., who operate an extensive corn milling plant here. Pages of the general ledger, on which appeared the record of these transactions were both torn and burned, this mutilation having apparently preceded the attempt to destroy them with dynamite. Juntgen was held to the grand jury.

TELEPHONE SAVES
LIFE IN FLOOD

Joplin, Mo., July 22.—The flood water of Spring river reached the big dam at Lowell, Kan., and with all the flood gates open the water rose within two feet of the top of the dam. The gauge showed twenty-eight feet of water. Half a mile above the dam the water broke out of the banks and flooded Vark, a village. The wagon bridge across the river at Lowell was washed away and the bridge at the St. Louis and San Francisco railway is expected to go at any time.

Good telephone service along the river made it possible to warn people residing in the lowlands and they sought safety on higher lands. So far only one death has been reported—that of Calvin Rudy, of Carthage, whose body has not been found. It is estimated that damage to crops and live stock will amount to half a million dollars.

The North-Western Line.

One of the most interesting series of articles on the subject of the great railways of the country that has appeared recently, is that from the pen of Frank H. Spearman, recently published in the Saturday Evening Post, and since printed in book form by Scribners. The chapter descriptive of the Chicago & Northwestern Ry has been published by the passenger department of that line in pamphlet form for general distribution, and will be sent to any address on receipt of 2 cents for postage.

UGLY STORY OF IMPROPER INSPECTION OF BOILERS

LAUNCHES HURRYING ABOUT
PICKING UP BLACKENED RE-
MAINS---HORROR APALLING

(Scripps-McRae Dispatch.)

SAN DIEGO, July 22.--The hor-
ror of the Bennington disaster was
not lifted when day broke this morn-
ing. With the first streaks of dawn
hundreds of people thronged about
the morgue and water front where
the mangled and blackened hull of the
ill-fated vessel lies. All night physi-
cians and nurses were busy minister-
ing to wounded sailors, the injuries
of a number of whom were too serious
to permit any hope of recovery.
Launches went out early in the hope
of picking up the bodies of victims
who were hurled into the waters of
the bay.

Several corpses are still in the
wreckage and a large force is at work
cutting away the debris. It is thought
the navy department will order the
destruction of what remains of the
vessel as there is nothing upon which
they can rebuild it.

Dead Now Number 55.
The list of dead is now fifty-five
with the same number of injured in
hospitals and private homes. This in-
cludes seven dead, whose names are
unknown and whose bodies are still
entangled in the torn machinery of
the boiler room. It is feared many of
the missing who now number twenty-
one, jumped into the bay and
drowned.

The cause of the accident, it is as-
sumed this morning, was the weak-
ness of the crown sheet of a part of
the forward boiler, which drove that
boiler back, striking another boiler
and breaking the steam pipe.

Identified Dead.
The following dead were identified
today:

HANKERSON, OF LA CROSSE WINS CONSOLATION CUP

S. D. Wyatt, Oshkosh, Forfeited the
Match of Yesterday Afternoon
Owing to Business Call

Fred H. Hankerson of this city is
winner of the consolation cup in the
state golf tourney.

Yesterday afternoon S. D. Wyatt
of Fond du Lac, playing under the
colors of the Algoma Country club of
Oshkosh, received an urgent business
telegram demanding his presence out
of the city, and forfeited the cup to
Mr. Hankerson, with whom he was to
have played off this morning.

In the consolation semi-finals yester-
day afternoon Hankerson defeated
D. S. Clark of Eau Claire 1 up in 19
holes. Wyatt of Oshkosh defeated L.
W. Nieman, Milwaukee, 4 up and 3
to play.

This left the consolation finals be-
tween Hankerson and Wyatt and
through the necessity of his sudden
departure from the city immediately
after the conclusion of the semi-finals
yesterday afternoon Mr. Wyatt for-
feited the consolation cup to Han-
kerson.

ALTON B. PARKER CHOKES; ALMOST IS DROWNED

SAVED WITH GRAND-
SON BY PHOTOGRAPH

(Scripps-McRae Dispatch.)

POUGHKEEPSIE, N. Y., July 22.
—Alton B. Parker and grandson, Al-
ton Parker Hall, were rescued from
drowning off Esopus Island, opposite
the Parker home, today by Edward
Fritz, a photographer of this city.

Young Hall was on Parker's back
when the judge choked and was un-
able to swim in the swift current and
called for help. Unable to breathe,
Parker threw the lad off, and the lad
sank, but was brought to the sur-
face by Fritz.

Both were helped ashore and the
boy was resuscitated.

YULE IS CHAMP.

Kenosha Man Defeats
Jacobs, Madison, 8
Up, 7 to Play.

W. H. Yule this afternoon won
the golf championship of the
city by defeating F. W. Jacobs of Ma-
dison, 8 up and 7 to play in the
finals which were concluded this
afternoon.

Wyatt of Oshkosh forfeited
the consolation cup to Fred
Hankerson of this city yesterday
afternoon, by leaving the city on
an urgent business call.

The handicap, between Walter
Holmes, La Crosse, and S. D.
Moon, Eau Claire, was being
completed late this afternoon.

MARGARET BERGER RES- CUED FROM DROWNING

Girl Taken With Cramps; Wm. Fra-
zer Leaps Into Water With
His Street Clothes On

Miss Margaret Berger was
saved from drowning in the pub-
lic bath this morning by the pre-
sence of mind of Instructor Wil-
liam Fraser, who jumped from
the boom in his street clothes
and grasping the drowning girl
as she was going down for the
second time swam with her to
shore.

Miss Berger, who is a regular
patron of the bath, having learn-
ed to swim there last summer,
was swimming about just inside
the boom, where the water is
quite deep, when some other
bather noticed that she was in
distress and seemed to be having
difficulty in keeping above the
water. A cry called Mr. Fraser's
attention to the case just in time

to see the girl sinking out of
sight. He plunged into the wa-
ter instantly and as Miss Berger
came to the surface grasped her
and putting one arm about her
head towed her to shore.

Miss Berger had swallowed a
quantity of water, but after be-
ing pounded upon the back for a
few seconds was able to walk and
retired to her room in the bath
house.

Miss Berger is said to be a
good swimmer, but was suddenly
attacked by a cramp and was
unable to reach the boom, which
was but a few feet away. Had
she been outside the boom, where
the current is very swift, she
might have drowned in spite of
all the attendants could do to
save her.

SIEGER WILL PAY A CENT AND QUARTER FOR NAMES

City Clerk Decides to Pay a Fourth
of a Cent More than is Paid
At the Capital City.

Enumerators engaged by City Clerk
J. M. Sieger to take the state census
in this city will receive a cent and a
quarter per name, leaving a quarter of
a cent per name for Mr. Sieger.

The long disputed remuneration
question was settled this morning
when Mr. Sieger returned from Ma-
dison, where he consulted with state
officials yesterday. Census Supervisor
Thomas Herried was not in the capi-
tal during Mr. Sieger's visit, but he is
paid in the capital.

was informed by the first assistant
supervisor that the amount to be paid
the enumerators was optional with the
city clerk who employed them. In
Madison, Mr. Sieger was informed
the enumerators are being paid one
cent per name, but the residences in-
cluding the chief and his son were in-
jured. The bomb was thrown while
the chief was mingling with the
crowd.

AUTO ON WAY TO LA CROSSE IS WRECKED AT VIOLA

Wealthy Kenosha People Start for
Golf Tournament Here and Al-
most Lose Their Lives.

While on their way to this city to
attend the state golf tournament Mr.
and Mrs. Z. G. Simmons, Jr., S. S.
Simmons and Miss Edith Brown of
Kenosha, with their chauffeur,
narrowly escaped death on Canable
hill, two miles south of Viola at noon
yesterday. The hill is steep and long.
As they started to descend the brake
snapped and the \$5,000 car descended
at a terrific rate of speed.

The road is crooked and in making
the turn the car slewed and overturn-

ed, breaking Mrs. Simmons' leg above
the ankle and severely injuring the
others of the party. A special train
on the Milwaukee road was secured
and the party started for Chicago at
5 o'clock in the afternoon after the
local physician had set Mrs. Simmons'
leg.

The automobile was badly damaged
as it made two complete revolutions.
The entire party might have been killed
had it not been for the canopy top
of the car.

LIFE AMBITION OF "BRICK" POMEROY TO BE REALIZED

Famous Tunnel Through Rocky Mountains
Started by Famous La Crosse Editor
Will be Finished by Railroad

Word comes from Denver, Col.,
that one of the life ambitions of
"Brick" Pomeroey, the famous war-
time fighting editor of La Crosse, is
about to be realized.

Work on the old "Brick" Pomeroey
tunnel, one of the oldest and most
famous mining enterprises ever under-
taken in Colorado, will be resumed

this summer by the Denver-Salt Lake
Railway Tunnel company, now in con-
trol of the property. The tunnel was
started in 1880 by Pomeroey and was
completed for a distance of 7,800 feet.
When finished it will be three and
half miles long and will cut through
the center of Gray's Peak, in the main
range of the Rocky Mountains.

TROW'S CREW SEARCHING RIVER BED FOR OLD LOGS

Trow's mill will soon resume operations again if the water remains low enough.

The rafting crew has returned from Lytle's where it went a few days ago when the mill was shut down and succeeded in making up a large raft.

Some of the logs were dead-heads and these have been lying on the banks drying for the past few days.

The Trow company has purchased all rights from the Black River Improvement company, and they have a right to demand any logs in the river unless the owner of them objects, when they must pay him for them.

A scaler is kept at the mill to record the marks and the number of feet belonging to each mark.

Last year the river was pretty well cleared of sunken logs up to Lytle's and they are now continuing their search further up the river.

It is estimated that there are a large number of them still in the river bed and that Trow's mill can be kept busy sawing these for some time to come.

HE HURLS BURNING GASOLINE TO STREET

TRIED TO LIGHT PIPE NEAR CAN

Presence of mind alone averted a fire which might have resulted seriously yesterday at the home of George Dunsberry at 515 Mill street.

Mr. Dunsberry was engaged in cleaning some bedsprings with gasoline and when about half through with this job attempted to strike a match and light his pipe with the result that the can of explosive ignited.

Mr. Dunsberry at once took the can which was near him and tossed it out of the window and the springs followed. Although they were all ablaze Mr. Dunsberry did not receive any serious burns. Had the can exploded the entire house might have been wrecked.

TROLLEY BATTERS STREET LAMP AT CORNER

A defective spot in the large trolley wire near the corner of Clinton and Calcedonia streets is causing the street railway conductors considerable trouble and is causing much damage to the street lamp on that corner.

The wire at that place seems to be bent and every time the trolley strikes it, it slips the wire and strikes the lamp with such force that it almost demolishes it.

The globe of the lamp was broken Wednesday evening and since then the upper part of the lamp has been battered. The condition is considered dangerous as a blow from the trolley pole might be sufficient to knock the street lamp off on top of some body's head.

NORTH SIDE BRIEFS

Edward Gorder of the Burlington road was operated upon yesterday at the La Crosse hospital. He is getting along nicely and will soon be able to resume his duties.

Frank Bond, formerly of the north side, is down from Minneapolis to spend several days with his parents.

Mrs. Anton Nelson of Wood street, accompanied by her niece, Miss Ella Nelson, have gone to Minneapolis where they will spend several weeks with relatives and friends.

Mrs. John Argall and Charles Whiting have gone to Austin, Minn., to spend several days with relatives and friends.

Joe Wachter has gone to Minot, T. Ender has moved to the corner of Loomis and North streets.

N. D., on an extended visit.

Miss Bertha Gast has returned from Milwaukee where she has been visiting relatives and friends.

T. Hennessy of Selkirk, N. Y., is the guest of Mr. and Mrs. C. Conley of Avon street.

Bert Paucher is visiting at Bangor. George Phillips, Jr., has gone to Stillwater on an extended business visit.

A train of ten coaches and two baggage cars passed through the north side over the Milwaukee road this morning for Camp Douglas.

Miss Lottie Orrell who has been the guest of Miss Helen Swinrod of 306 Calcedonia street for the past two weeks will return to her home in New Lisbon tomorrow.

Miss Mabel Iverson and Viola Shumway have returned from a few days' visit at Portland Prairie.

Alderman Robert Schulte of 715 Rose street is ill with rheumatism.

Miss Hattie Schneller left this noon for Winona where she will spend about two weeks with relatives and friends.

The 10:15 mail was over one hour and thirty minutes late today. The reason for the delay could not be learned but it is thought that she was delayed on the Chicago division.

Because a ship runs aground it is not to be inferred that it is a worthless ship; nor, in all cases, that the man at the wheel is an incompetent. In most instances a tug boat will find deep water for the grounded vessel. Because a business venture "runs aground" it is not to be inferred that it is a worthless venture; nor that its manager is wholly incompetent. A want ad. will usually bring the financial assistance needed to pull a grounded business venture into safe waters again.

HOT WEATHER RE- TARDED BUSI- NESS.

New ork, July 22.—R. G. Dun & Co.'s Weekly Review of Trade says: Hot weather tended to retard activity in many productive undertakings and postponed forward business that could be delayed without loss, but accelerated the consumption of reasonable merchandise and advanced the crops much nearer maturity. Confidence in the future increases with each day favorable for harvesting, and much of the winter wheat is now beyond danger, while late corn is rapidly regaining lost ground.

Statistics indicate a general disposition to provide for a large volume of fall and winter business, clothing manufacturers receiving liberal orders from traveling salesmen, while cancellations are exceptionally few. Real estate transfers are large and building operations numerous, often overtaxing facilities for delivery of lumber and other materials.

Failures this week numbered 103 in the United States, against 231 last year, and 22 in Canada, compared with 20 a year ago.

Swallows Pin While She Laughs

JANESVILLE, Wis., July 22.—Laughing at a joke of her husband, Mrs. J. D. Barlas of the town of Bradford swallowed a pin and for two days suffered intense pain until the obstacle was removed. The pin lodged crosswise in her windpipe, causing excruciating pain and severely lacerating the organ.

Policeman Is Now a Man- ufacturer

SHEBOYGAN, Wis., July 22.—Patrolman Jacob Diehl has resigned from the police force and is now president of a cash lock company capitalized at \$25,000. Diehl is the inventor of a new cash lock.

BASEBALL SCORES

Chicago, July 22.—Following are the base ball scores:

League: At Boston—Chicago 3, Boston 2—eleven innings; at New York—St. Louis 2, New York 14; at Philadelphia—Pittsburgh 7, Philadelphia 5; (second game) Pittsburgh 1, Philadelphia 5; at Brooklyn—Cincinnati 5, Brooklyn 1—twelve innings.

American: At Cleveland—Boston 6, Cleveland 0; at Chicago—New York 1, Chicago 2—twelve innings; at Detroit—Washington 7, Detroit 3; at St. Louis—Philadelphia 2, St. Louis 3—twelve innings.

Association: At Milwaukee—Indianapolis 3, Milwaukee 8; at St. Paul—Toledo 3, St. Paul 8; at Minneapolis—Columbus 6, Minneapolis 5—ten innings; at Kansas City—Louisville 10, Kansas City 2.

Western: At Des Moines—Omaha 5, Des Moines 0; at Denver—St. Joseph 2, Denver 1; at Pueblo—Itan.

Strikers Destroy the Work on "Black- listed" Houses

New York, July 22.—Fifty striking members of the United Garment Workers of America are held in the Tombs prison on charges of rioting. The prisoners recently left their jobs in a Lispenard street cloak factory. They made a descent on another factory, where they declared work was being done for their old employers, and many cloaks were destroyed, it is charged.

Police reserves hurried to the scene, and after a sharp encounter put the strikers to rout. The prisoners declare they caused no damage, but merely visited the factory to induce the workmen there to walk out in sympathy.

The young woman across the way, who used to run for her car at six-thirty a. m., now leaves the house about eight o'clock. You see—she's a skilled stenographer, and a want ad. found a place for her where the hours of work are easier and the pay better.

REV. J. N. PARKER.

Rev. J. N. Parker, Udena, N. Y., writes: "In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much affected but that I could hold converse with my friends; but in June, 1901, I lost all sense of hearing, so that I could hear no sound whatever. I was also troubled with rheumatic pains in my limbs.

"I commenced taking Peruna and now my hearing is restored as good as it was prior to June, 1901. My rheumatic pains are all gone.

JUDGE ROASTS POLICE FOR INEFFICIENCY IN STRIKES

ARE 100 BUSY KEEPING THEIR EYES ON THE VOTES

Instead of Their Duty Is Opinion of An Iowa Magistrate

Keokuk, Ia., July 22.—In a decision just handed down by Judge Smith McPherson, of the federal court, in the contempt proceedings begun by the Santa Fe road against striking machinists the men are found guilty. Judgment will be pronounced later. Judge McPherson's opinion is one of the clearest and strongest pronouncements against picketing in strikes ever delivered from the bench. He scores for their insincerity authorities who permit lawbreaking in strikes to increase through the half-hearted way in which they attempt to preserve the peace.

He Roasts the Authorities.

In his decision the judge says: "And yet, plain as it is all this foregoing, if it had been recognized, this case would not have been brought. Not only so, but there would not have been the slightest occasion for bringing this case had there been any sincerity and honesty of purpose among the local authorities in maintaining peace and order. Intimidation, force, violence and brutality were all resorted to by the

of the better off the part of certain peace officers that they would be kindly remembered on future election days instead of remembering that the great majority of the people of the city are law-abiding and would reward those who would maintain peace and preserve order, to say nothing of the peace of mind arising from duty performed."

Makes Comments on "Picketing."

Of the matter of picketing Judge McPherson says: "A system of pickets for more than a year has been kept up by all the accused and others. This picketing is done by details of pickets assigned by others. At all hours when men are going to and from work, morning, noon and evening, the workmen must go through and by pickets, sometimes two, four, six and more at a place. At times the paths and walks are obstructed. At times the pickets are near by, making gestures, at times acting as if violence were intended and at other times uttering profanity and vulgarity."

NO "PEACEFUL" PICKETING

Declares the Courts Should Abolish That

Unlawful Method.

Proceeding further in the discussion of picketing the judge says: "There is and can be no such thing as peaceful picketing, any more than there can be clasp vulgarity or peaceful mobbing or lawful lynchings. When men

to converse or persuade, they do not organize a picket line. When they only wish to see who are at work, they go and see, and then leave, and disturb no one physically or mentally. But such picketing as is displayed in the case at bar by the evidence does, and is intended to annoy and intimidate. The argument seemed to be that anything short of physical violence is lawful. One man can be intimidated only when knocked down.

"But the peaceful, law-abiding man can be and is intimidated by gesticulations, by menaces, by being called harsh names, and by being followed or compelled to pass by men known to be unfriendly. Perhaps such a man may not be a bully, but is frail in size and strength, or he may be a timid man. But such a man is just as much entitled to come and go in quiet, without even mental disturbance, as the man afraid of no one and able with or without weapons to cope with all comers.

"The frail man, or the timid man, must be protected, and the company has the right to employ such. The test of manhood and the rights of man or property are not to be measured by braggarts or bullies or vulgarity or profanity, and the saloons must not be the places where supposed rights are to be decided, as the evidence in this case shows has been attempted many times by some of those on the strike.

Judge McPherson declared before ending his opinion that picketing establishes a condition of serfdom which it is the duty of the court to abolish. The defendants in the case are Gus Holt, William Randall, William Morley and S. C. Neyer, all charged with violating the court's restraining order.

Society

By ALICE W. WHEELER

Surely no one can complain of a dearth in social affairs this week for there have been all kinds of functions, large and small, formal and informal. The two most important events were the hospital vaudeville and the golf tournament, and any one that did not belong to one or the other was not strictly "in it." There were many strangers in the city for which many of the pleasant affairs were given in honor.

The country club has been a scene of great activity. There have been luncheons, and dinners, dances and concerts, while the links have been filled with anxious and interested spectators and players. Today ends the contest and the excitement will be over, but the pleasures of the week will long be remembered by the participants.

DINNERS.

Mr. and Mrs. Ellis B. Usher entertained at dinner at the Country club Thursday evening in honor of their guests, Mr. and Mrs. L. W. Neiman of Milwaukee. Other guests present were G. H. Russell, president of the Milwaukee Country club, Messrs. and Mesdames D. Cunningham, G. W. Traer and Capt. and Mrs. W. A. Thompson.

A dinner of ten covers was given Thursday evening at the Country club followed by a theatre party in honor of Mrs. Ensign of Minneapolis, Miss Reed of New York, Miss Carter of Hannibal, Mo., guests of Mrs. Jessie Pettibone, and Mr. Buckingham of Minneapolis, guest of Mr. C. H. Rogers.

Wednesday evening Mrs. G. W. Traer entertained at dinner at Glenhida. The guests were Mr. and Mrs. L. W. Neiman of Milwaukee, Mr. and Mrs. Ellis B. Usher, Mr. and Mrs. D. Cunningham and Captain and Mrs. W. A. Thompson. This evening she will entertain at the Country club, the guests invited are Mr. and Mrs. W. W. Cargill, Mr. and Mrs. Fred Hanchett, Mr. and Mrs. F. P. Hixon, Mr. and Mrs. F. H. Hankerson and Mrs. W. E. Sawyer.

Mrs. Amelia Ryder gave a dinner Monday evening at the home of Mr. and Mrs. Nevins. The guests were Mesdames Hyslop, George Powell, J. L. Pettigill, Charles Pettigill, S. L. Meister, C. N. Moller, Fred Phillips, Nevins, Joseph Clarke, E. L. Spicer, John Palmer, Fred Rogers, Will Fowell, Harry Kincaid, James Hogan, the Misses Anna Goodland, Fanny Clarke, Maud Pettigill and Bessie Nevins.

There will be a dinner at the Country club this evening in honor of Mr. and Mrs. Ensign, Miss Reed and Miss Carter who are guests of Mrs. Jessie Pettibone.

LUNCHEONS.

Miss Carolyn Lloyd was guest of honor at a luncheon given by Miss Jessie Holway Monday. Miss Lloyd leaves in a few weeks for Springfield, Mass., where she will make her home in the future. There were 20 guests present.

Mrs. Henry Gund entertained at a luncheon Wednesday at the Country club for her daughters, the Misses Emma and Louise Gund, Miss Lucile Anderson of Red Oak and Miss Maurita Viles of Chippewa Falls. Others present were the Misses Grace and Ruth Heath, Margaret Burns, Abby and Edna Coren, Freda Michel and Helen Norbeck.

Miss Edna Osborne entertained at a luncheon yesterday at the Country club. The guests were Miss Mildred Capen, Miss Ruth Jennings, Miss Mildred Davidson of Madison, Miss Mina Higbee, Miss Helen Bellerue, Mrs. W. R. Finch, Messrs. Blake Nevins of Winona, Frawley of Eau Claire, Jessie Higbee, Rockwell Osborne and D. S. Law.

Friday Mrs. Louise Withee entertained at a luncheon for her guest, Mrs. R. Scofield of Clark Co. Those present were Mesdames S. S. Wallace, David Austin, J. S. Caldwell, Sonas, Andrew Nevins, G. H. Ray, T. H. Spence, L. J. Sawyer and F. G. Tiffany.

Mrs. S. B. Oatman gave a luncheon Tuesday in honor of her daughter, Mrs. W. J. Brayton of Minneapolis. The guests who were former school mates of Mrs. Brayton, were the Misses Josephine Farnam, Lucile Servis, Susan and Marie Watson, Grace Drake, Margaret Beisel, Lillian Anderson, Martha Lightbody, Abby, Anna and Fanny Brayton and Mrs. A. M. Brayton.

"AT HOME."

Wednesday afternoon Mrs. Jessie Pettibone and Mrs. John Abblet were hostesses at a pleasant reception at the home of the former, 827 State street. The affair was given in honor of Mrs. R. E. Ensign of Minneapolis, Miss Carter of Hannibal, Mo., and Miss Nellie Reed of New York who are guests of Mrs. Pettibone. Although the day was intensely warm the rooms were rendered delightfully cool and pleasant by the aid of numerous flowers distributed throughout the rooms transforming them into floral and vine clad bowers. The reception room was in pink and white cosmos and sweet peas. In the living room were nasturtiums with a backing of green vines. In the dining room were Shasta daisies and ferns and in the hall palms and green foliage. The diningroom was in charge of Mrs. C. J. Felber, Mrs. John Holley and Mrs. W. A. Thompson presided at the table, their assistants being Miss Helen Bellerue, Miss Margaret Marston and Miss Norbeck. Mrs. Fred Hanchett, Mrs. Robert Hyde and Mrs. W. W. Withee assisted by Miss Eleanor Marston and Miss Melinda Funk served the ices, while Miss Margery Sill and Miss Georgine McDonald presided over the punch bowl. Mrs. Mills Tourtelotte assisted in the parlors. One hundred and eighty invitations were issued. There was a great display of handsome toilets, the guests looking exceptionally well in their timely summer gowns.

HOSPITAL BENEFIT.

The fourth annual vaudeville entertainment for the benefit of the La Crosse hospital, given Thursday evening under the management of Donald McDonald fairly eclipsed all previous ones. The theatre was filled to overflowing with a wildly enthusiastic and appreciative audience who gave expressions of delight in repeated encores. Each number was a hit and the audience would have gladly welcomed a repetition of the program. Our own local talent, consisting of Miss Russell, Miss Alma Hosly, Miss Grace McLindon and Punch Robinson was reinforced by Mrs. George Hixon and sister, Miss Kelleher of Chicago who have appeared before a La Crosse audience in several other entertainments. The Misses Copen, Davidson and Jenny of Madison, Messrs. Blake Nevins of Winona and Alman Taggart. The affair was handsomely and artistically staged. The program was carried out with smoothness and without delays. All went away more than pleased with the success of the evening.

BIRTHDAY PARTY.

Miss Norma Partridge entertained a few friends Tuesday afternoon in honor of Miss Cora Scott of Smithville, Texas, and Miss Genevieve Cook of Minneapolis. It was also the birthday of the hostess who was pleasantly surprised by receiving a number of pretty gifts from her guests. The afternoon hours were spent in playing croquet and other games. Supper was served upon the lawn at 6 o'clock. A birthday cake with thirteen candles graced the table. After supper the guests held an impromptu musical. The guests present were Cora Scott, Genevieve Cook, Bernice Barber, Alice Pryor, Edith Pryor, Helen Burke, Ada Semington and Ethel Curran.

LAUNCH RIDE.

Mr. and Mrs. John Pamperin gave a launch ride and supper Sunday on the Otto in honor of Mr. and Mrs. F. P. Blumenfeld of Milwaukee.

Friday evening a party consisting of Mr. and Mrs. Ensign of Minneapolis, Miss Reed of New York, Miss Carter of Hannibal, Mr. and Mrs. Abblet, Mr. and Mrs. John Holley, Mrs. Jessie Pettibone, Messrs. A. F. Esperensen, Augustus Tourtelotte, Eastman, Rogers, Donald McDonald and Buckingham of Minneapolis enjoyed a launch ride to Dakota.

Saturday evening Mr. Jack Jones took a party to the lime kiln on the Otto launch.

INFORMAL RECEPTION.

Mrs. David Law and Mrs. W. R. Finch entertained informally Thursday evening after the vaudeville for Mr. D. S. Law and his guests the Misses Capen, Davidson and Jennings of Madison. It was a pleasant wind-up of the evening and afforded the guests an opportunity of meeting personally the strangers who had so willingly given their services for the benefit of the hospital entertainment.

CARD COMPANIES.

Wednesday afternoon Mrs. J. L. Pettigill entertained a score of ladies at cards. The prize were taken by Mrs. J. M. Palmer and Mrs. Fred Phillips.

Tuesday evening Miss Marquardt entertained a few friends at cards.

CIRCUIT COURT JURY HAS PAUL HORNE DAMAGE CASE

The case of Paul E. Horne vs. the La Crosse Box company went to the jury in circuit court shortly after 11 o'clock this morning. The jury will return a special verdict in answer to the following question:

1. Did the defendant, Joosten, direct the plaintiff to clean out the lower hood or hopper of the machine in question immediately prior to the accident?
2. If you answer the first question in the affirmative, then were the defendants negligent in failing to instruct the plaintiff as to the dangers incident to the cleaning out of such hopper?
3. If you answer the second question in the affirmative, then was such negligence the proximate cause of the plaintiff's injury?
4. Was the plaintiff wanting in the exercise of any ordinary care which contributed to his injury?

ADVICE BETTER THAN KICKING.

The desire to criticize sometimes gets away with the judgment of people, as well as newspapers. Just now it is a fad to find fault with the swimming tank.

It is said that the tank is deficient in many things. It is, as is to be expected. With the limited amount of money at their disposal the people who provided the bathhouse could not be expected to put up a resort that would compare with the great bathing houses of New York, Chicago and other great cities.

A great many people just now are assuming that we should have the best bath house in the world; they have not stopped to figure the financial end of the problem. We can have no better public bath house than the city pays for.

Therefore, to be fair, criticism of the bath house must be based on existing conditions. We spent some money for a bath house; did we get a run for the money?

The Tribune believes we did. The patronage that the place has attracted during the past two years is evidence that the resort is popular. Some errors in construction and arrangement have been made, and some bad luck in the matter of attendants was experienced. However, these are all things that can be remedied. We want a satisfactory tank. The people want it and the city wants it. Defects must be overcome and improvements made as our knowledge of what is wanted grows and opportunity presents itself.

Then don't let's "kick." Let's ADVISE, instead. Instead of jangling with each other, the expert swimmers and the city officials should talk things over; exchange of the best ideas to be had in the community would thus enable the city to eventually make the most of its bath house.

"SCOOPS"

A few days ago the Leader-Press took a playful and kittenish "poke" at the Chronical, its partner in Light newspaper work, for belittling the school census story simply because it had been "scooped." Last evening the versatile superintendent of the "denial department" on the notorious evening paper showed his bile in connection with the attempted suicide story after being "scooped" by The Tribune. The story was true, notwithstanding the Electrical Organ's display of "yellow."

STORY OF EARLY HARDSHIPS TOLD IN LIFE OF PETER UHL

Trempealeau County Resident Who Died
Last Sunday at La Crosse Hospital
Was One of First Pioneers.

An incident in the hardships of pioneer life in western Wisconsin in the early days of La Crosse, is contained in a published sketch of the life of Peter Uhl, the Trempealeau county old settler who died at the La Crosse hospital last Sunday and who was buried in Chilesville Tuesday. A portion of the sketch follows:

"In the fall of 1834 Peter started out alone with three oxen and a wagon, determined to secure provisions for the family if such were to be found. He went first to Trempealeau, where he had been promised flour, but was disappointed and went on to La Crosse. There he bought twelve barrels of flour, and loading them on his wagon started for home. The difficulties attending this trip may be conceived when it is known that there was not a bridge at this time between the present village of Gallesville and La Crosse. In returning with his load of flour he forded the La Crosse river three times, and before crossing he would remove, at his load but four barrels, that he might not risk too much, this was

Want advertising is highly utilitarian. It makes this newspaper more to you than a mere newspaper—it turns it into a means and medium by which you may accomplish things—get things, dispose of things, find people or find publicity.

GOSSIP FOR THE FANS

Yesterday, Vogt missed a fast ground hit that was far to reach and hard to handle; it wasn't a bad fumble, but it got away just enough to let the batter anchor to the bag. Immediately a half dozen voices of bad mannered young men in the grandstand bellowed, "rotten!" The only "rotten" thing was the cold feet of these knockers. For heaven sake can't our team lose a game without being roasted. We have a bunch of players here that are safe anywhere in the Badger State. Treat them right, and don't "bawl out" a good player when, as the best of them do, he makes an error. It is the talk of the circuit that La Crosse is the quickest to roast its team of any bleachers in the state. Lets jolly the boys along and cut the knocking out.

Of knocking grounders to Third base The visitors are wary;
The reason's plain enough to see—
They're leary of O'Leary.

It took Vogt, Konetchy, Clay and Cole just six minutes to pound out the three necessary runs, when they got started. Please get started sooner next time, fellows, or you'll give us all heart disease.

Umpire Bolan's return to La Crosse was the occasion of a hearty ovation at the ball park. The crowds cheered him with a heart in the cheer, and it was plainly demonstrated that good umpiring draws the bouquets as readily as inaccurate umpiring gets the mud.

Up sticks, an' Dad's deal.

Two more smashing games before the fast tailenders leave us. Green Bay is displaying wonderful pluck in forgetting her percentage and fighting a brilliant battle for every game. No enthusiast can afford to miss these two with Green Bay.

THE D-MN OLD BAT.
I dreamed I was a baseball bat;
A player gripped my neck,
Spit on his hands and said, "I see
By the score sheet I'm on deck."

He faced the pitcher with a grin,
With me he hit the plate;
Then swung me at an in-shoot
That barely missed his pate.

"Strike one," the umpire shouted—
Then a foul! He said, "Strike two!"
Then came a half a-dozen fouls
That left me black and blue.

At last he leaned against one,
And the short stop et it up;
"Was fielded out to No. 1"
Said the umpire, "Batter up!"

And then that thankless batter,
He ground his teeth, and spat,
And slammed me down upon the
ground.

And muttered, "Dam the bat!"
Then, startled, I awoke to find
I'd fallen out of bed;
My ribs were bruised most awfully,
As also was my head.

But tho' it was a painful dream,
It served to teach me that
The batter never is to blame;
It's the "d-mn old bat!"

Can't Make New Contracts for Passes

MADISON, Wis., July 22.—The attorney general yesterday rendered an opinion to the effect that men holding public offices and under contract with railroads could fulfill those contracts and use mileage books or other transportation furnished by the roads. These persons, however, can not take advantage of new contracts along these lines. The attorney general also holds that semi-weeklies are to be considered as dailies so far as the publication of state laws are concerned.

SUPERIOR MAN IS CHAIRMAN OF COMMISSION

SUPERIOR, Wis., July 22.—The Wisconsin grain commission organized here yesterday by the election of Homer Andrew of Superior as chairman and secretary. Byron Kimball was made chief weighmaster and assistant secretary. The commission held a four hour executive session, but got no farther in the appointment of officials. It will meet again tomorrow and hopes to complete the work of making rules and establishing grades. It is planned to start the new inspection system here Aug. 1 if possible. The commissioners are Homer Andrew of Superior, J. D. Shanahan of Buffalo and M. F. Swansten of Michigan, N. D.

Letters from Frank R. Crumpton, who is in the east as a representative of the local board, indicate that he is having the best of success. A prominent Buffalo buyer is quoted as saying that the Wisconsin inspection will re-

eral opinion in the east that the passage of the Wisconsin law would be a good thing for eastern buyers. "They will at least be safe in buying grain of a certain grade here and having it remain the same grade when it arrives in Buffalo," was his comment.

Tearing Down The West Newton Works.

Work on the final removal of the West Newton rafting works has been delayed for nearly a week past while the men have been employed in picking up twenty-one barrels of logs that were cut loose from the works after they had been made up ready for rafting. It has not yet been discovered who did the cutting, but it has entailed a lot of extra work. Most of the logs were caught at Fisher slough. Now that the logs have been saved the work of dismantling the West Newton work will be continued and it is expected to complete it in about a week. All the driven logs and booms are being taken out from the mouth of the Chippewa river to the bottom of the West Newton works.

The disappearance of these works to a large extent marks the passing of the log rafting industry on the upper Mississippi, although it will be carried on to some extent for a very long time, but it will not be very long before every mill on the Mississippi river south of St. Paul will be closed down, and the logging industry will be turned to newer fields, where there is plenty of timber supply. For several years past the logs cut along this section of the river have been of quite small diameter, and nothing to compare with the giants of the forest brought down in the palmy days of lumbering on the Chippewa river.

A Former La Crosse Man Passes Away

Word has been received in the city of the death of Jacob Walter, a resident of La Crosse county for 35 years, and for nine years a resident of Trempealeau county, at his home in Hagen.

Jacob Walter was born in Baden, Germany, Sept. 7, 1834. He came to America in 1850 and settled at Menominee, Wis., and later moved to La Crosse county, where he lived about 35 years. Nine years ago he came to Buffalo county and leased the Gleason farm in Glenwood, remaining there for six years. His sons having moved to northern Wisconsin three years ago, he soon followed, desiring of living near his children.

He leaves to mourn his demise three daughters and seven sons.

INDECENT POSTAL CARDS BARRED

According to new regulations issued by the postoffice department postal cards of the souvenir variety containing indecent pictures will not be delivered through the La Crosse postoffice or any other postoffice in the country.

A number of cards have already been taken out of the mails here and turned over to Inspector Fraser, but no prosecutions have been started.

STATE NEWS CONDENSED

Green Bay—Louis, 14-year-old son of Mr. and Mrs. Peter Jolly, died from lockjaw Thursday. The boy had his finger injured July 4 by the explosion of a cartridge.

Menominee, Mich.—City Engineer Albert Hass has laid out the grounds for the main building of the new Prescott steel plant, and the work will begin at once.

Waushara—Orders have gone out from the mayor's office to close all gambling joints and stop all slot machines.

Great stick work by members of the La Crosse team in the eighth inning when the score stood 4 to 2 in favor of the visitors, enabled La Crosse to play even with Green Bay in the second game of the series yesterday afternoon.

To Pitcher Cole belongs great credit for his part in the batting rally, for his two base hit when there were two out enabled Clay to come home from second. Two other scores had been made previous to this. Vogt knocking a record breaking three bagger, first man up, and being brought home by a single by Konetchy. Then Clay made a two-bagger, scoring Konetchy, and Cole did the rest. It

STORY OF THE EX- PLOSION ON GUNBOAT

Washington, July 22.—The navy department has received a dispatch from Commander Young saying that Lieutenant Perry and thirty-eight men are dead; seventy-six wounded and twenty-one missing, and that many are expected to die. He adds that there were 125 casualties altogether.

San Diego, Cal., July 22.—Thirty-nine dead bodies are lying at morgues, on piers and on a deck of a ruined vessel of the United States navy; scores of men are lying grievously and painfully injured in sanatoriums and

SHIP WAS JUST READY TO SAIL

The Bennington at the time of the accident was lying in the stream just off the commercial wharf at the foot of H street. The warship had received orders from the navy department at Washington to sail yesterday morning for Port Harford, where she

was a sensational exhibition and the fans went wild.

Klock played a better game yesterday and Manager Hawley says he will strengthen the team.

yard. Steam was up, and everything was in readiness for sailing, when suddenly the starboard forward boiler exploded with a deafening roar. The explosion was terrific. People standing on the shore saw a huge cloud of steam rise above the Bennington. Columns of water were hurled into the air and for a distance of nearly twice the height of the spars of the vessel.

It was immediately apparent that an awful disaster of some kind had happened on board the warship. Numerous tugs, launches and ferry boats steamed at once to the aid of the vessel, and many sailors who had jumped into the bay to escape the scalding steam were rescued, while on board the Bennington the removal of the wounded was promptly commenced by such of the crew as were unhurt in perfect order. At the time of the accident Commander Lucien Young and Surgeon F. E. Peck were on shore. The two officers, as soon as they learned of the disaster, hurried to the waterfront, where Commander Young immediately took charge.

On board the Bennington were presented terrible scenes. The force of the explosion had torn a great hole in the starboard side of the ship, and the vessel was already commencing to list. A section of the upper deck was carried away from stem to stern. Blood and wreckage was distributed over the entire ship, the after cabin and the vicinity of the ship adjacent to the exploded boiler resembling a charnel house. Over it all hung the great cloud of steam. Help from the city was soon at hand and dozens of physicians and surgeons hastened to the ship to render necessary aid.

A dozen or fifteen were blown overboard by the force of the terrific explosion. Captain Wentworth, who was looking at the Bennington when the disaster occurred, says he saw human bodies hurled over 100 feet upward. The shock of the explosion penetrated every section of the ship, blood and ashes being found as far as the stern of the captain's cabin. Portions of the upper deck were carried away and great damage was done in all sections.

Most of the dead and injured were taken ashore, where the undertakers and physicians were assembled, the former taking charge of the dead and the latter to minister to the needs of the living. The bodies of many of the men taken from the wrecked interior of the ship were mutilated almost beyond recognition. The faces of many were covered with blood and ashes. Temporary quarters ashore were arranged for the wounded, and sixty citizens volunteered and hurried to the launches to the relief of those on the ill-fated ship. As fast as the wounded could be removed they were hurried in ambulances, carriages, wagons and automobiles to the hospitals.

AUG. BRIESKA WHO SHOT BOY IS NOW ON TRIAL

**Charge Changed to Assault With Intent to
Do Great Bodily Harm--Protests
He Did Not Mean to Shoot.**

The trial of August Brieska, who is charged with shooting a boy who tormented him, was started in circuit court today, after the complaint had been amended to read "assault with intent to do great bodily harm," instead of "assault without regard to life."

Brieska is charged with shooting William Miller, aged 18, in front of the Exchange hotel on the north side,

but through a strange freak of good fortune the shot struck a steel disk in the boy's pocket and was thus deflected from its course, but a slight injury being inflicted.

Brieska claims he had no intention of shooting any of the boys gathered in front of his place, who were tormenting him and otherwise creating a disturbance. He avers that he simply aimed to scare them away, when he shot from the door.

SECOND WARD SHOWS FALLING OFF OF 323 PEOPLE

Closing of Coleman Mill is Probably Responsible for the Loss--Biggest Decrease Yet Recorded

Census returns from the Second ward handed in to the city clerk this morning show a falling off of 223 as compared with the national census of 1900. This is the biggest loss recorded in any ward thus far compiled. The big falling off is accounted for principally by the closing down of Coleman's mill. Workingmen's boarding houses and cheap priced hotels which were filled with boarders five years

ago now have scarcely any business or have gone out of existence. The enumerator told Mr. Siegel he had made a thorough job of taking the names in the ward and he did not believe he had overlooked any persons.

FORMER LA CROSSE MAN IS PRES. OF LIBRARY COMM.

Henry E. Legler Heads National League of State Commissions--On Nat'l. Publishing Board, Too

Henry E. Legler, secretary of the state free library commission, who was born and brought up in La Crosse and has a number of relatives and friends here, has been elected president of the national league of state library commissions, the highest office in the gift of the American Library association.

Wisconsin was also especially honored at the meeting of this association just closed in Portland, Ore., by the election of Mr. Legler as one of

the five members of the publishing board of the American Library association, to the maintenance of which Mr. Carnegie has contributed the income of \$100,000.

Mr. Legler will be remembered by many of the residents of La Crosse. He was born in a house at Fifth and Ferry streets, where he lived for a number of years before leaving to take up library work in other cities. He is a brother-in-law of Peter Newburg.

CONDENSED TELEGRAMS

Dog Kills a Park Deer.

New York, July 22.—A fallow deer was killed by a St. Bernard dog after a hard fight in the New York Zoological park in the Bronx. The fight, which took place in the old buffalo range, lasted nearly an hour, and though the dog was gored three and again he did not relinquish his hold until a watchman killed him with a bullet. This is the second time within a few months that a dog has made its way into the park and killed a deer.

Whipped a Babe Because It Cried.

Lincoln, Neb., July 22.—Rev. Martin Fleckenstein, pastor of the German Lutheran church at Minden, Neb., has been fined \$10 and costs for whipping his 7-months-old child because it cried. Neighbors caused his arrest after frequent offenses of the kind. The judge levying the fine was severely criticized for not giving the minister a jail sentence and a heavier fine.

Wm. Alden Smith to Europe.

Grand Rapids, Mich., July 22.—It is stated that William Alden Smith has concluded to attend the international parliamentary conference at Brussels, that he will be accompanied on the trip by Mrs. Smith, his son William, and Mrs. Brown, of New-avenue, and that the party will sail on Aug. 4 on the Celtic. Representative Smith is at present in New York.

Truckmen Strike at Baltimore.

Baltimore, July 22.—Business is completely tied up on all the Baltimore and Ohio Railroad company's piers at Locust Point as the result of a strike on the part of between 250 and 300 truckmen employed on the piers. The strike has been pending over a week, but the company was taken by surprise when the men refused to go to work.

Gordon Probably Thinks So.

Manistee, Mich., July 22.—Because he promised to marry Mrs. Christofferson and then changed his mind after getting a deed to her property, Chas. Gordon, of Pierpont, is in jail here, confronted by a charge of obtaining property under false pretenses. Mrs.

Christofferson, the complainant, is a charming young widow of Pierpont.

Dastard Mortally Wounds a Woman.

St. Louis, Mo., July 22.—Because she had testified against him, Gus Drexler, upon his release from a workhouse sentence for drunkenness, shot his landlady, Mrs. Frank Albrecht, slitting her spine and inflicting a probably fatal wound. He then took poison and died within an hour.

National Conference of Charities.

Portland, Ore., July 22.—Edward T. Devine, of New York city, has been elected president of the National Conference of Charities and Corrections at the last session of the annual convention here.

Adopted Daughter Gets \$165,000.

Des Moines, Ia., July 22.—Through the recent death of Mrs. Jane Martin, of Nevada, Ia., Miss Pearl Martin, an adopted daughter, has fallen heir to a fortune of \$165,000. Miss Martin is 34 years of age. She was adopted very early in life, her parents being poor. The total value of the estate left by Mrs. Martin is placed at \$250,000, one-third of which goes to the husband. Efforts have been made by relatives of the deceased woman to find a will. None has been found, however, and probably will not.

Cigarette Smokers Not Wanted.

New York, July 22.—A campaign has been begun by Commissioner Wathern against the use of cigarettes on Ellis Island. Their sale has been forbidden, and the commissioner has caused it to be known among the employees that cigarette smokers are not wanted.

MILWAUKEE GRAND JURY INDICTES FOURTEEN MEN

GRAFT IN CREAM CITY-- ONE IS THE FIRE CHIEF.

One Bribe Came High--Names of Accused

Milwaukee, July 22.—Twenty-four true bills against fourteen individuals have been returned by the grand jury which has been investigating alleged "grafting." This is the third batch of indictments handed down since the jury went into session on June 20, the grand total thus far numbering 129. This latest list contains seven new names, the most prominent being Thomas A. Clancy, chief of the city fire department, who is indicted on one count, the charge being perjury. Some of the indictments were returned on the strength of testimony offered by August Puls, against whom several indictments were returned in the first two lists of true bills.

Capiases Issued for These Men.

Capiases have been issued for the following indicted persons: Thomas A. Clancy, chief of the Milwaukee fire department; William E. Hauraban, secretary of the Milwaukee fire department; William J. Cooper, captain of fire station No. 20; Herman W. Buening and Gustav A. Dick, architects; Herman Neidner, tile contractor; Frank Schultz, newspaper reporter; A. V. Klefsch, committee clerk, county board; Fred Hartung, formerly supervisor and present assemblyman; John P. Dittman, formerly supervisor; Herman Haasch, formerly chairman of the county board; Max Reinholdt, formerly supervisor; W. H. O'Keefe, supervisor.

What Is Charged Against Clancy.

The indictment of Chief Clancy caused a sensation. A fund was collected, it is alleged, to defeat a bill in the last legislature requiring that members of the police and fire departments be given a hearing before discharges could be made. Clancy is with with meeting with others of the fire department three days ago to agree upon testimony in case of being called before the grand jury. He is charged with testifying falsely before the grand jury. The indictments against Hauraban and Cooper are similar to that of Clancy.

Puls Came Rather High.

Indictments against Buening and Dick, architects, were returned on testimony offered by August Puls, in which he alleges that he was paid \$2,000 to use his influence in awarding the contract for plans and specifications on the county hospital addition in 1901. A. V. Klefsch is charged on one count with paying a bribe of \$700 to ex-supervisor August Puls in connection with the transfer of the old garage site to the Milwaukee Electric

Railway and Light company and on another count is accused with extortion.

Money Extorted by Threats.

Fred C. Schultz is accused of extorting two small amounts from contractors on threats of exposing alleged deals. Frank Schultz, against whom seven true bills were returned, is charged with extorting \$50 from each of seven contractors on threats of exposure of alleged "deals." The balance of the indictments charge bribery in connection with county contracts.

Coolie Labor For Canal

Washington, July 22.—The first attempt to secure laborers in large numbers for work in connection with the construction of the Panama canal will be made when bids are asked by W. Leon Pepperman, acting chief of office of the Panama canal commission, for 2,000 each of Chinese, Japanese and Italian laborers.

Those who compete for furnishing these laborers will be required to submit bids first as to the amount per day for which the laborers of a certain nationality will work, and also bids stating the amount the government will be required to pay to get the laborers on the isthmus of Panama. In this latter item will be included, particularly in the case of Chinese, an amount of money advanced to the family of the Chinaman for maintenance until the wage-earner can remit for this purpose from his earnings; the amount of the transportation, and necessary incidental funds to defray the expenses of the journey.

Time and money are supposed to be of equal value. You would give money freely to be able to secure a good servant, a good clerk, a desirable house—or to meet any present need. How much TIME will you give? It may require merely enough in which to read and answer a few want ads.

Juntgen Had a Shortage

Paris, Ill., July 22.—The preliminary hearing of W. W. Juntgen, charged with embezzlement in connection with the Edgar county bank explosion mystery, was taken up before United States Commissioner F. E. Shopp in this city. Robert H. Kile, cashier and John A. Levings, who made the expert examination of the books, testified. Kile said there was a shortage of \$7,500 in the accounts of the bank, which was confined to the outside account ledger, kept by Juntgen.

This had been brought about by a system of false entries of fictitious drafts, charged up to the foreign correspondents, but for which their acknowledgments show no credit. Three of these drafts were for \$500 each and were charged to the Capital National bank, of Indianapolis, on March 24, March 28 and April 10 of the present year. The carbon copies of the letters accompanying these remittances, kept on file by the bank here, show these charges, but they are missing from the supposed originals obtained from the Capital National and other outside banks, including the First National, of New York.

Most of the transactions were entered up as drafts issued to F. L. Kilder & Co., who operate an extensive corn milling plant here. Pages of the general ledger, on which appeared the record of these transactions were both torn and burned, this mutilation having apparently preceded the attempt to destroy them with dynamite. Juntgen was held to the grand jury.

TELEPHONE SAVES LIFE IN FLOOD

Joplin, Mo., July 22.—The flood water of Spring river reached the big dam at Lowell, Kan., and with all the flood gates open the water rose within two feet of the top of the dam. The gauge showed twenty-eight feet of water. Half a mile above the dam the water broke out of the banks and flooded Vark, a village. The wagon bridge across the river at Lowell was washed away and the bridge at the St. Louis and San Francisco railway is expected to go at any time.

Good telephone service along the river made it possible to warn people residing in the lowlands and they sought safety on higher lands. So far only one death has been reported—that of Calvin Rudy, of Carthage, whose body has not been found. It is estimated that damage to crops and live stock will amount to half a million dollars.
